Views Conflict Higher Prices On Farm Products

On Ability To COLUMBIA, Mo., Feb. 2.—(P)-Missouri farm prices averaged higher on January 15 than a month before, with grains showing seasonal gains of 1 to 10 cents a bushel, Alfred C. Brittain, federal agricultural statistician, said today.

> Cotton advanced three points during the month and cotton seed gained 20 cents a ton to show the only raise over a year ago.

Six Measures Sheep prices declined 15 cents per 100 pounds while other livestock advanced. Dairy and poultry products averaged lower in the face of relatively high production levels. Hays declined.

Relief Bill Of \$725,000,000 To President

Final Approval For Measure For The WPA

To Carry Through To Next June 30

Senate Is Given Ready Sanction WASHINGTON, Feb. 2.—(AP)— Congress gave final approval today to a \$725,000,000 relief ap-

Compromise In

propriation to carry WPA through June 30. The measure now goes to the White House. The house completed congressional action on the bill by going along with the senate on compromise provisions designed to take politics out of relief and dis-

carding an amendment it originally had accepted to provide that WPA should make no differentials in excess of 25 per cent for the same type of work in different areas.

The differentials amendment was tossed aside by a roll call vote, which Speaker Bankhead announced as 252 to 140.

The \$725,000,000 — \$150,000,000 than President Roosevelt recommended—is intended to keep WPA operating through June 30. The bill contains a provision, however, that the President may ask for more money in the event an emergency arises.

The Visit Of Dr. Aranha

The choice of Dr. Oswaldo Aranha as Brazil's representative in forthcoming conferences at the White House, is a happy one. The United States welcomes Dr. Aranha, en route to the U.S., as a friend, tax. not only a proved friend of our country, but a friend of democratic government, is one Lovelace. That makes it possible to for which he has fought unceasingly in his own country.

Dr. Aranha is a man of delightful per- "I could not love you, dear, so much, sonality which won him hundreds of per- Loved I not tax-exemption more." sonal friendships when he was ambassador to Washington from Brazil. He is a fast thinker, and a hard worker, one to whom President Roosevelt should be able to talk understandingly and on equal terms.

They can not fail to find a great deal in common in the fact that Dr. Aranha has been in Brazil one of the leading bulwarks seal. against Fascist influences in that country, a devoted friend of democracy and orderly procedure, and in every way one of the most distinguished of Brazil's sons.

The White House conferences between Dr. Aranha and President Roosevelt and other U. S. officials should give direct evidence of the intention to carry forward in deeds the words of the Declaration of Lima and the resolution of the Americas to preserve a free system of trade as against private and discriminatory deals between special countries.

Without excluding any other countries, or any way barring them from legitimate trade with Brazil, there are many ways in which greater trade and closer co-operation between Brazil and the United States may be stimulated. In many important commercial respects, Brazil with its coffee and rubber, cacao and manganese, tin and diamonds, all lacking to continental United States, is complimentary to U. S. economy, while the rise of a manufacturing economy, the building of railroads and roads, and the general rise in standards of living offers plenty of opportunity for the United States to furnish a large share of manufactured good necessary to the upbuilding of Bra-

Brazil has been traditionally friendly to the United States, and this visit of Dr. Aranha offers an opportunity to see how the two nations may be of greater service to one another.

As in later talks expected to follow with representatives of other South American countries, there is no longer any wish for diplomatic or commercial "victories." playing. The need today is to apply intelligence to find ways in which each country may help the other. Then there will be no lack of Looking Backward by-products of understanding and amity.

The Lord Mayor of London ranks second only to the king, and takes precedence E. T. Behrens was elected a member over all other members of the royal fam- of the legislative committee of the state ily within the city area.

Delaware, New Hampshire, and South Carolina each had their own president Dr. O. P. Kernodle, of Sedalia served at one time. The title was changed to as secretary at the quarterly meeting of governor by South Carolina in 1778; by the Central District Medical Society of the other two states in 1792.

New Series Established 1907 Hail The New Master!

In New York's Metropolitan Museum of the work of a new "Just Town Talk" Art, there hangs today the work of a new Master. Make room, Francisco Goya and Peter Paul Rubens, for Walt Disney!

A Disney water-color, one of the original scenes for "Snow White and the Seven Dwarfs," has been hung, tentatively, in the Met's room of "Recent Accessions." officials fell not on Mickey Mouse, or Snow White, or Dopey, but on a scene in which vultures are the only living thing.

We hope the Disney stays permanently in the museum. Surely the fact that Disney is a living, producing artist, and that millions have been captivated by his work ought not to bar him from recognition by the elite of the art world. Sometimes, as in the case of Charlie Chaplin, who was loved by the rough-necks long before the intelligentsia tumbled to him, the public isn't such a bad judge after all.

Women's Rights, And Men's

A Tennessee legislator is mulling over an old idea with a new twist. He plans a \$1,000 tax on bachelors, the proceeds to the local news published herein. All rights of publi- go into a fund for pensioning old maids.

Probably he isn't too serious about it, but just in case he is, it might be pertinent to ask "Why not tax the old maids for the benefit of the bachelors?" In this Year of Grace 1939 the picture of lone repining maidens remaining single despite their own yearnings for "a home" and because of the obduracy of selfish bachelors, is pretty well out-dated.

Besides, bachelors are already directly taxed, nationally, by the exemption granted married men in the federal income

Proponent of this Tennessee measure paraphrase the famous lines of his earlier namesake:

There are twice as many automobile drivers in the United States as there are seek around his un-American capital in March. automobiles.

Tuesday for three days at the Liberty theatre.

Much of "Kentucky" was filmed on location in the heart of the Blue Grass state, and the Kentucky Derby itself furnishes a spectacular climax.

Loretta Young and Richard Greene are seen in the leading roles, and it is their love which brings peace to two great families who have hated each other bitterly since the Civil war. Loretta is seen as Sally Goodwin and Greene plays the role of Jack Dillon. The Goodwins and the Dillons are the families that have been feuding.

Mrs. Floyd Elder, of Kansas City, was hostess at a miscellaneous shower-bridge Wednesday night, complimenting Miss Virginia O'Bannon, at the home of her parents, Mr. and Mrs. T. R. Cox, 9151/2 West Third street. Mrs. Elder was formerly Miss Lata Lee Cox.

Miss O'Bannon will become the bride of Charles Goodknight this Sunday.

Mrs. Elder was assisted in entertaining by her mother, Mrs. Cox, and Mrs. Allen O'Bannon, mother of the prospective bride. Awards in the bridge game were received by Mrs. Carl Almquist, Mrs. "Sonny" Settles and

A party punch board was used in the presentation of gifts. Miss O'Bannon was required to perform any stunts suggested by the board as it was "punched" by the other guests.

Miss Dorothy Jane Kroencke.

The guest list included Mrs. Everett Edwards, of Warrensburg, Mrs. Fred Van Arsdale, Mrs. Settles, Mrs. Roy Wilmarth, Mrs. Harland Croley, Mrs. Fred Lange, Mrs. Almquist, Mrs. Harry Waldman, Misses Dorothy Jane Kroencke, Jane and Dee Hausam, Ruth Payne, Frances Grinstead, Martha O'Bannon and the guestof honor.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction - you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires - the only tires made which are safety proved on the speedway for your protection on the highway.

RUIN YOUR DAY

A throbbing headache — a sour, acid stomach can certainly ruin your day. How often does your worst headache come as a result of improper diet, overindulgence and hyper-acidity? When this is the case, ordinary "pain-relieving" remedies are not enough. You need two kinds of relief. Relief from the pain—and relief from the excess acid condition. In short - you need Alka-Seltzer — because Alka-Seltzer gives you that kind of TWO-WAY

Alka-Seltzer's analgesic action relieves pain and discomfort quickly and its alkalizing qualities help to neutralize any existing excess acid condition. That's why there is nothing quite like Alka-Seltzer. Get a 30c or 60c package at any drug store and be ready to get quick relief from headaches, upset stomach, acid indigestion, morning misery and common aches and pains.

★Trial pkg. of Alka-Seltzer sent FREE. Just write Miles Labora-tories, Inc., Dept. 1812, Elkhart,

Amendments Suggested On Its Provisions

WASHINGTON, Feb. 2.—(A) that a substitute farm program, he said, "can make a contribu-Special guests were Father such as a "cost of production" system, would not be enacted at

be effective this year," commented their indignation against wrong Charles received many pretty Chairman Jones (D-Tex) of the and persecution" and should aid house agriculture committee.

Two factors were emphasized by Representative Hope (R-Kas), senior minority member of the house committee.

"While there is a great deal of opposition to the present act," he said, "this opposition comes from such divergent sources that it seems to me unlikely opponents will be able to effect any immediate, major changes.

"It also seems to me that it would be poor politics for the Republicans to advance any substitute program at this time."

The administration is expected to offer a few amendments to the present law intended to improve its operation.

One probable amendment will deal with commodity loan policies, which have led to sealing of 11,-000,000 bales of surplus cotton under government loans to growers. Critics assert this has retarded sales of cotton both at home and abroad.

to give upwards of 4,000,000 bales tried before by hundreds of Seof this cotton to growers agreeing dalia residents and people of this to make sharper reductions in section, this modern capsule rem-1939 planting than now planned. Some of Suggestions

Another suggested amendment would exempt small wheat producers from strict marketing control provisions. A third would simplify marketing prota provisions for tobacco.

The administration has hopes of getting other cotton and wheat producing nations to agree on a program designed to adjust world production to needs. World cooperation of this kind, officials said would make the American farm law more effective in restoring prices.

SEDALIA PRODUCE CO.

219 W. Main Ivan Berry, Mgr.

Plain waffles may be made more interesting by varying the sauces and toppings served with them. A new "face" for waffles. and a French one, is achieved by sprinkling powdered sugar over the top and then two or three teaspoons of lemon juice. Hot honey is another popular topping to serve.

Waffles can prove very helpful when planning the dessert course. Chocolate waffles topped with vanilla ice cream and chocolate sauce or whipped cream really hit the spot. Simply add six tablespoons of cocoa to a standard waffle recipe which uses two cups flour.

Chili

- 1 lb. ground beef
- ½ lb. ground pork
- 3 large onions 1 No. 2 can kidney beans
- 1 No. 2 can tomatoes 1 teaspoon salt ½ teaspoon pepper
- 1 teaspoon chili

Brown beef and pork. Brown chopped onion in meat drippings. Add remaining ingredients and

simmer 2 hours. For "hotter" chili, 3 tablespoons bacon drippings add 1/4 to 1/2 teaspoon cayenne Tomato Sauce pepper.

Corned Beef Patties

- 2 cups cooked corn beef, chop-
- 2 cups chopped cooked potatoes mato sauce.
- 1 onion, chopped
- 1 green pepper, chopped Salt and pepper ½ cup milk

Mix corned beef and potatoes, bacon drippings. Serve with to- lemon sauce, coffee, milk.

broiled ham, creamy gravy, popovers, jam, coffee, milk.

DINNER: Celery, roast chicken, add chopped peppers and onions. chestnut stuffing, giblet gravy, Seasoned, if needed, with salt baked stuffed potatoes, carrots and pepper. Moisten with milk. with herbs, endive and grapefruit Mold into patties, and brown in salad, steamed ginger pudding,

SUPPER: Tomato juice, fresh mushrooms and fresh frozen asparagus on toast with mushroom BREAKFAST: Orange and sauce, buttered toast, pineapple grapefruit juice, cooked cereal, layer cake, tea, milk.

Corned beef is a favorite on the bill of fare in those eating places frequented by men. Since this is invariable true, it seems queer that this fine-flavored meat is not served more often at home.

Corned beef and cabbage! That combination seems to be welded by tradition and fiction into an affinity that is unbeatable. Yet to live up to its reputation, this dish requires skillful preparation.

First of all, choose corned brisket with fine-grained meat well streaked with layers of fat. The better grades of corned beef are mildly cured and require no parboiling because there is no excess salt in the cure.

In cooking corned beef, cover with water, bring the water to a boil, then keep it simmering that is, just under a boil. This lower temperature will give a much more tender product than if the process is hurried by boiling. So it is evident that this is no short order meat to be prepared while the vegetables cook. However, corned beef may be cooked one day and reheated the next without having a recooked flavor.

If cabbage is to be served according to the traditional custom, cut the cabbage into wedges and add it to the kettle about 15 or 20 minutes before serving time. Do not overcook the cabbage or it will become strong flavored and brown in color.

Lima beans or green beans are also good companions with corned beef. Either one of these vegetables should be added about 1 hour before the corned beef is to be served.

Cold sliced corned beef is an excellent addition to the cold meat platter and with a bit of horseradish and mustard is unbeatable for sandwich filling.

Glazed Corned Beef 5 pounds corned beef

½ cup honey Whole cloves 1/4 cup brown sugar

Cover the piece of corned beef with water. Bring to a boil, then cook slowly (simmer-do not boil) until tender. This will require about 3½ hours (40 to 45 minutes per pound). Place cooked corned beef, fat side up, on a rack in an open pan. Score the fat with a sharp knife to form diamond shapes. Place a clove in the center of each diamond. Spread honey over top. Sift brown sugar over all. Bake in a moderate oven (350 degrees F) until well browned. Serve hot or cold.

New England Dinner

- 3 pounds corned beef 6 potatoes (medium)
- 6 carrots 4 onions (medium)
- 1 small head cabbage
- 1 stalk celery

First quality corned beef need not be parboiled. Cover with water. Bring to a boil, then cook slowly until tender-about three hours. Add cleaned onions and carrots after first two hours. Onehalf hour before serving add pared potatoes and celery cut into -3 inch lengths. Fifteen minutes before serving, add cabbage cut into wedge shapes. Cook uncovered until vegetables are tender. Arrange beef in center of hot platter with vegetables grouped around the

SUNDAY DINNER Suggestions.

By CORA ANTHONY Director of A&P Kitchen

E GGS are a food whose use fluctuates greatly with price. Fortunately they are at their best when most plentiful and cheap. At present, even grade B eggs are fresh and delicious enough for poaching and boiling and they are as cheap as at any time last year. Butter too, and cheese are low in price.

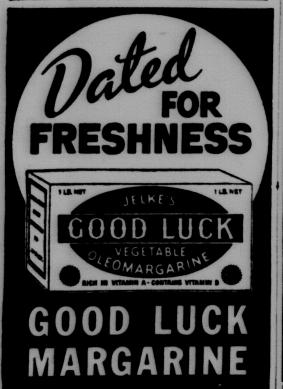

Meats are a trifle higher while poultry is steady. Frost has injured the crops of green beans and peas so that these vegetables are high. Spinach is cheap and broccoli, cauliflower and mushrooms relatively so. Salad greens are reasonable.

Three dinner menus follow. Low Cost Dinner Braised Shoulder Pork Chops with Apples, Onions and Rice

Cabbage Salad Bread and Butter Chocolate Bread Custard Medium Cost Dinner Cream of Mushroom Soup

Roast Stuffed Chicken Mashed Sweet Potatoes Spinach Hollandaise Bread and Butter Milk

TOO MUCH HAY-

If "mistakes" were "haystacks" we would have too much hay. As it is, mistakes are altogether too numerous. Here is one frequently made—The other day a lady came into the store and asked for credit until pay day. We inquired where she had been trading. She said she had been paying cash and had been buying at different stores. So naturally we had to say, No. you spend your cash else'where and then come to us for credit. We are sorry but we cannot open an account under such circumstances. Don't make the mistake of buying at some "cut throat" cash store until your money is gone and then expect your home merchant to carry you over 'til "pay day"—or longer.

The food market remains about steady to a slight advance in some things. Our prices remain practically the same as last week,

The Family Doctor

Ten Safety Rules For A Church Or Community Supper

By DR. MORRIS FISHBEIN

Editor, Journal of the American Medical Association, and Hygeia, the Health Magazine.

Recently the director of the bureau of food control of the city of Baltimore pointed out that danger lies in suppers held on a large scale by lodges, clubs and churches for the purpose of raising money. A recent supper held in the vicinity of Baltimore resulted in seven cases of typhoid fever, and one of these patients

Few people realize that the preparation and storage of enough food for from 200 to 400 people requires an entirely different procedure from that required in preparation of food for a family. For this reason Dr. F. A. Korff

has provided 10 rules for guidance when a lodge or club supper is to be given: 1. There should be appointed a supervisor of personnel who is

authorized to select and direct the activities of each worker. 2. No person who has a sore throat, a cold or cough or is sus-

pected of being uncleanly in the matter of personal habits should be permitted to handle the food. 3. All persons should be required to wash their hands with soap and hot water before entering the kitchen or handling any of the food before or after its

preparation. 4. No food should be stored or prepared in homes or in any other place except under the direct supervision of the appointed super-

5. All food equipment and containers should be washed, rinsed and scalded before being used in preparing, storing and serving the

food. 6. All perishable food should be kept refrigerated, not just in cold closets or ice chests, but in properly constructed refrigerators, the inside air temperature of which is below 50 degrees Fahrenheit.

7. Under no circumstances should leftover food be served the second or third day.

8. Food utensils such as cups, glasses, silverware, plates, if used the second time during the meal, should be washed, rinsed and scalded in the same manner that has just been advised for the original cleaning.

9. To prevent the main criticism that often is made following such suppers, namely, that the food

Gorgas Saved Lives To Build a Canal

THE scourge of yellow fever and malaria finally defeated the French in Panama. Against these MYRA NORTH, SPECIAL NURSE odds they surrendered the dream of the greatest canal in history But a quiet, soft-spoken physician in the American army made the vast project possible.

He was William Crawford Gorgas. Fresh from a brilliant success in Havana, where he rid the city of yellow fever, Gorgas was appointed chief health officer of the Panama Canal Zone when the United States took it over in 1904 to conquer the job the French had given up. His first task was to save lives and he lost no time.

The French had lost four per cent of their employes yearly from yellow fever in the Canal Zone. Uncle Sam planned to put from 25,000 to 40,000 men on the canal project, which meant that perhaps 1400 would die annually unless the area was made safe for workmen Gorgas made it safe!

So safe, in fact, that within a few months after his arrival Gorgas was offering \$50 to any person not a member of the health department notifying of a case of vellow fever in the Canal Zone. Moreover, there is no record that the award was ever made.

The result was a Canal Zone fit 'or any workman when Uncle sam began construction of his figantic project. A physician had laved the way for the engineers. Forgas, who died in 1920, is shown bove on a current Canal Zone tamp, enlarged. Copyright, 1939, NEA Service, Inc.)

was cold when served, be sure that all of it is served piping hot. Any bacterial infection that may have contaminated the food tends to be destroyed by the thorough heating.

MEASUREMENTS MADE DURING 1938 INCREASED THE "WAISTLINE" OF THE PLANET VENUS

SEVEN MILES.

HAT ANIMAL EATS ITS OWN SKIN 2 OPR. 1939 BY NEA SERVICE, INC

ANSWER: The toad. If he did not shed his skin several times a year it would get too tight. Since the skin covers his lips, be begins by eating it, and eventually stuffs it all in his mouth.

NEXT: The penalty for stealing a swan's egg.

Still Coughing?

Even if other medicine has failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

MANY NEVER

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or release to the their parents, Mr. and Mrs. Frank Gramlich. They were accompanied back to Boonville Sunday afternoon by their sister, Miss Marie Gramlich, who has employment there also every other week. week end here with their par-

An excess of acids or poisons in your blood, when due to functional kidney disorders, may when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Firestone Shows 1938 INTERNATIONAL GRAND CHAMPION STEER

will be in SEDALIA, MISSOURI TUESDAY, FEBRUARY 7

The Firestone Farm Service Bureau is bringing one of the greatest steers of all time to this community so that farmers, cattle breeders, 4-H Club members, Future Farmers and Junior Feeders who were unable to attend the 1938 International Livestock Exposition in Chicago can see what a Champion steer looks like — and can learn from a cattle expert the important breeding points and methods of feeding that produce profitable beef animals. Drive in to see Mercer. Everyone is invited.

Showing will be at COLISEUM State Fair Grounds 2 to 4 P. M.
